

An exceptional kindergarten experience will....

- enhance children's social emotional, physical and intellectual growth through a variety of educational activities that meet individual and group needs
- focus on oral language development as the basis for writing, reading and thinking
- incorporate active learning through body movement activities, manipulation of learning materials, and interaction with others
- utilize standardized achievement test to analyze and document children's learning behavior in the areas of language arts and math
- provide ongoing anecdotal assessment of children's learning behavior in areas of language arts, math, science, social studies, and fine and gross motor skills
- promote an appreciation of the similarities and differences among people
- encourage a love of learning within a nurturing environment
- create an environment where children have multiple opportunities to experience success, and build positive self concept
- build a community of confident learners
